STAT

Per discussion with [redacted]  
[redacted] it was  
agreed that the attached under-  
standing set forth in Danny Childs'  
memorandum was adequate with one  
exception. The conditions failed to  
make mention of CIA's right to review  
any GAO report on this subject to  
insure that no Agency information was  
included or attributed to the Agency  
in this report without first obtain-  
ing Agency approval. With the add-  
ition of this further condition, it  
was agreed that the attached agree-  
ment was satisfactory.
